

# MYK RUST REMOVER

## Single component Derusting Solution

**Description:**

**MYK Rust Remover** is very effective product for removing mild scale and rust, besides removing thin films of oil and grease from steel surfaces.

**Packing:** 1 lit pack

**Advantages:**

- Simple application by brush.
- Effective rust removal, even from areas difficult to reach.
- Contains no chloride- no chance of further corrosion.
- Cost effective coverage

**Application Areas:**

- Corroded steel surface
- Tank
- Water pipe lines
- Shuttering etc.

**Application of MYK Rust Remover:**

It is a very simple application by brush.

In case of heavy rust steel reinforcement remove the loose the rust by wire brushing, hammering, and chipping. Then apply **MYK Rust Remover** on the effected areas by brush and leave the surface to react for 15-30 minutes. Then the rusty surface will change their colour. After that remove the loose particles of rust by wire brush.

**Coverage:**

It is applied in multiple coats which depend on the surface condition. Number coats to be applied until the desired results are obtained.

**Health & Safety**

Use of hand gloves is necessary while mixing the product In case of contact with skin or eyes, use plenty of water to wash and obtain medical helps immediately.

**Storage:** Store in cool dry place

**Shelf Life:** 12 months from date of manufacturing.
